Exofficio positions held by past or present Supervisors or Commissioners on State and National Associations, State Soil Conservation Committees and other organizations devoted to soil and water conservation

NARRATIVE

Make brief statement from best information available as to the following: What brought about interest in organizing the district? By whom was the movement started? What educational meetings were held? Degree of interest manifested by farmers.

Local landowners became interested in soil conservation district activities in neighboring counties. Unable to determine who started movement. Degree of interest was high because the turnout of 59 voters is high for this thinly populated county where large ownerships prevail.

- Note #1: J. Thos. Gurney, Chm., Orlando, Fla.
Thos. W. Bryant, Lakeland, Fla.
N. B. Jordan, Quincy, Fla.
J. Henson Markham, Jacksonville, Fla.
Hollis Rinehart, Miami, Fla.
